**MENEKSE®**

Our ideas have grown with every loop that has been cast on since 1973. The years that reminded us of the responsibilities required for production have enabled us to switch to an integrated system that has been working in full capacity since 1992. our greatest experience has been to hold to the continuity of production from beginning to end. Our reward has been the customer satisfaction in warm smiles welcoming us. The only goal of us in all of our products and services for domestic and foreign sales is the quality. The complementary and conclusive production method adopted as a generational teaching form continued to support traditional quality formation, although it may sometimes be perceived as technological. We continue this in the best way without any integration problems and our strong team eager to say yes to new meeting.
